

## Survey Results Round 2

---

### Design Response

- Improved response to the icons and readability.
- Focus remains on colour scheme, it may have been changed but new colour scheme still not accepted.
- Table structure for multiple files should be improved based on response.
- Better worded response for invalid file types/duplicate files.

---

### Extra Comments

- Based on comments made by those surveyed, the colour scheme needs to be rethought again, as the current change is not appreciated.
