

Survey Results Round 1

Design Response

- There were mixed feelings about the icons, they got the point across but could be better.
- The colour scheme was not enjoyed by those survey.
- Readability seems acceptable with some room for improvement based on responses.
- Mixed feelings from those survey about the overall 'feel' of the website.
- Responses suggest people were happy with the responsiveness of the site.
- Possible room for improvement for in the responsiveness of the website.

Extra Comments

- Based on comments made by those surveyed, the colour scheme needs to be rethought. Possibly a darker/simpler colour scheme.
- Opening new pages rather than redirecting was a point of frustration noted.
- One surveyed did not like the carousel wheel for rotating through items.
