How would you rate the icons in terms of readability?	4
How would you rate the interface as a whole?	3
How would you rate the responsiveness of the website?	4
How would you rate the ease of use of the website?	4

Extra Comments

If you could change one thing about the website what would it be?	The colour of the background.
What do you find most frustrating about the website?	If a file is uploaded already it just says invalid file type which doesn't seem right.
Do you have any extra comments or feedback?	Maybe make it so that when duplicate files are uploaded it renames them?
